The Cypress Hills Economic Recovery Initiative (CHERI) was made possible through funds from Congresswoman Nydia Velasquez via the America Recovery and Reinvestment Act. This initiative was created to educate the community about protecting assets over the long term.

BEDC, a private, nonprofit organization, was established in 1979 to stimulate Brooklyn's economy and create job opportunities for the borough and its residents. BEDC has evolved into a multi-service, business-consulting agency, serving more than 1,000 clients annually and offering comprehensive economic development services. More information is available at www.bedc.org.
