

GOV. PATERSON INVITES YOU TO A SMALL BUSINESS WORKSHOP

Gov. David A. Paterson's Small Business Task Force will be holding a workshop to train business association leaders how to take advantage of the newly unveiled New York State Directory of Small Business Programs.

Our Mission

BEDC seeks to create and expand economic opportunity throughout Brooklyn by implementing business and neighborhood development and planning activities to support and create sustainable jobs, industries and communities.

Some 143 programs across 28 State agencies included in this directory exist to help small businesses earn tax credits, manage health care costs and train their employees. This one-of-a-kind, interactive guide finally puts all of that information in one place, and this workshop will help you expand your ability to assist small businesses in your service area.

Sponsored by

STATE OF NEW YORK

Those in attendance will be able to discuss with leaders from the State's economic development team how small businesses are the key to New York's economic recovery.
